Carers Week (8th-14th June)

Carers week is an annual campaign to raise awareness about the challenges of unpaid carers and highlight the contribution carers make to families as well as the wider communities.

A carer is anyone who looks after a family member or friend who has a disability, mental/physical illness, addiction or needs extra help as they grow older.

You can find resources and help to understand more about caring and contribute to a carer-friendly society at:

www.carersweek.org/building-carer-friendly-communities/

Please ensure you inform the practice if you are a carer so we can make sure you receive information, services and help that is available to you. You can do this at the front desk/over the phone/on our website:

GIVE BULLIES AND TROLLS THE RED CARD AND HELP THE TEAM TO WIN IT THIS TIME

WE BELIEVE IN YOU ENGLAND

We're excited to share that "We Believe In You," a powerful new anti-bullying football anthem, has just been released to coincide with the 2026 World Cup. The song brings together hundreds of singers—including our very own Dr Fletcher, who features as part of the Popvox community choir—to promote positivity and tackle online abuse.

Visit the news section of our home page for a link to the press release and to listen to the new single:
